

The Benevolent Fund's vision statement is 'To enable the Institution of Structural Engineers to care for its members, and their dependants, in time of need'.

Its strategic objectives are:

- To be an approachable organisation operating to the highest professional standards and treating all applicants and beneficiaries fairly, equally and with empathy.
- To provide appropriate financial help efficiently, where relevant in co-operation with other organisations.
- To promote the Benevolent Fund as widely as possible to potential applicants.
- To make effective and efficient use of the Benevolent Fund's human and financial resources.
- To seek to ensure that adequate funds continue to be available to meet expected needs.
- To optimize incoming funds, whether donations, legacies or from investments.
