

## YOUNG STRUCTURAL ENGINEER OF THE YEAR 2012

### The Award

The Young Structural Engineer of the Year 2012 award will be given to a young structural engineer who has demonstrated outstanding performance and who shows exceptional promise for the future. The winner will receive **£1,500** and a certificate of commendation; the runner-up will receive **£500** and a certificate.

### How to enter

The competition is open to structural engineers who have not reached their 28th birthday by 1 April 2012. Candidates are required to demonstrate creativity and originality in structural engineering, and entries should include the following:

- A report of not more than 2,000 words on a structural engineering project in which the candidate has had a significant input.
- It should describe the project, the individual's involvement, and provide extracts from calculations;
- A nomination letter from the candidate's employer of between 500 and 1,000 words;
- The candidate's brief CV.

All entries should be sent via email to [youngstructuralengineer@istructe.org](mailto:youngstructuralengineer@istructe.org) to arrive no later than **Monday 2 April 2012**. (please do not send hard copies).  
Events Team tel: 0207 235 4535.
