12th IStructE Asia Pacific Symposium on Engineering for a Resilient and Sustainable Future

CALL FOR PAPERS

INTRODUCTION

- The 19th East Asia-Pacific Conference on Structural Engineering and Construction (EASEC-19) will be held on 13–15 July 2026 in the beautiful and culturally rich city of Kuala Lumpur, Malaysia. The conference will be hosted by the Faculty of Engineering and Built Environment, Universiti Kebangsaan Malaysia at the Renaissance Kuala Lumpur Hotel & Convention Centre Kuala Lumpur.
- The objective of EASEC conference is to provide a forum for academicians, researchers, and engineers working in broad areas of Structural Engineering and Construction in the East Asia and Pacific region to exchange information leading to close collaboration and cooperation.

TOPICS

- Novel Construction Materials and Technologies
- Advances in Foundation Engineering and Earth Retaining Structures
- Design for Resilience and Robustness in Catastrophic Events
- Integration of Advanced Automation in Analysis, Design and Construction
- Cutting-Edge Computational and Experimental Methods
- Sustainable Infrastructures and Green Building Solutions
- Contemporary Practices in Construction Management
- Challenges and Breakthroughs in Building Mega Structures
- Evolving Trends in Professional Engineering Practices
- Modern Approaches to Engineering Education
- Transportation Engineering

KEYNOTE SPEAKER

Professor Dai Jianguo
Head & Chair Professor of Structural Engineering at the Department of Architecture and Civil Engineering, City University of Hong Kong

Topic : Multiscale mechanics and modelling of durability of FRP-incorporated concrete structures in marine environments

Professor Hikaru Nakamura
Professor, Department of Civil and Environmental Engineering, Nagoya University, Japan
President of Japan Pre-stressed Concrete Institute

Topic : From rebar detailing to structure: Meso-scale simulation of reinforced concrete using Rigid Body Spring Method

Professor Hua Yang
Professor of Structural Engineering at the Harbin Institute of Technology (HIT)

Topic : Behaviour and design of concrete-filled steel tubular structures under extreme conditions

Prof. Ir. Dr. Taksiah A. Majid
Professor of Structural Engineering at Universiti Sains Malaysia (USM), Malaysia

Topic : Advanced Geospatial Technologies for Sustainable Wind and Seismic Risk Assessment in Structural Engineering

Mr. Kevin Chang
Founder and Chief Engineer of Evison Engineering Consultants

Topic : Suspension Structure - The Structural Design and Construction of Kaohsiung Public Library, Taiwan

Professor Ma Guowei
Vice President of Hebei University of Technology, China

Topic : LLM-Based Swarm-Intelligent Autonomous Engineering Design Agent

Professor Pennung Warnitchai
Professor of Structural Engineering at the Asian Institute of Technology (AIT)

Topic : The impact of the M7.7 Mandalay earthquake on high-rise buildings with long natural periods in Bangkok

Ir. Dr. Teh Tzyy Wooi
Chair, IStructE Malaysia Regional Group

Professor Yang Jie
Distinguished Professor in the School of Engineering, RMIT University, Australia

Topic : AI-empowered imaging sonar-based damage inspection for underwater bridge pier

Professor Quek Ser Tong
National University of Singapore, Singapore

Topic : Fatigue Reliability Assessment Using Digital Contour Framework

Mr. Michael Greer
Principal & Manager of the office of Wiss, Janney, Elstner Associates, Inc. (WJE) Honolulu, Hawaii, USA.

CONFERENCE SPONSORSHIP

EASEC-19

The 19th East Asia-Pacific Conference on Structural Engineering and Construction

SPONSORSHIP PACKAGE

We are pleased to invite your esteemed company to partner with us as a sponsor of The 19th East Asia-Pacific Conference on Structural Engineering and Construction (EASEC-19). This prestigious international event brings together hundreds of delegates from around the world, including leading researchers, industry professionals, and academics in the fields of structural engineering, construction, polymers, and composites.

COLLABORATIONS

By becoming a sponsor, your organization will gain exceptional visibility among key players in the global scientific and engineering community. EASEC-19 offers a unique opportunity to showcase your brand, products, or technology to a targeted audience of experts and decision-makers in related fields.

To support your decision-making, we have outlined a selection of sponsorship packages for your convenience. Please note that these options are flexible and we are open to customizing them to better suit your goals and level of engagement.

We sincerely hope you will consider this opportunity to contribute to the success of EASEC-19. Your sponsorship would be a valued part of the conference, and we look forward to the possibility of welcoming your company as a partner in this landmark event. Thank you for your time and consideration.
