

# People and Papers Awards 2019

**Congratulations to all the winners of the Institution's People and Papers Awards 2019, which were presented at a ceremony held at BMA House in London on Wednesday 12 June.**

**The Awards recognise outstanding contributions to structural engineering and to the Institution's work, through innovative educational initiatives, papers published in *The Structural Engineer* and *Structures*, lectures, regional group activity, and much more. They cover the whole range of Institution life, from outstanding young professionals to those recognised for a lifetime of achievement and service.**

**The winning papers published in *The Structural Engineer* and *Structures* will be available free of charge until 30 September.**
