

ISTRUCTE SINGAPORE STRUCTURAL AWARDS 2016

The IES/Institution of Structural Engineers Joint Committee invites you to submit an entry for the IStructE Singapore Structural Awards 2016. Launched in December 2010, the IStructE Singapore Structural Awards aim to be the premier celebration of achievement and innovation in structural engineering. The awards are designed to recognize and reward the work of Singapore's most talented structural design engineers and their indispensable contributions to the built environment.

Why enter?

Entering the IStructE Singapore Structural Awards is a wonderful opportunity to raise the profile of your organization within the industry and the general public, and to acknowledge the hard work of your project team. It also allows you to be associated with the continuing growth and success of the industry's most prestigious annual awards for structural engineering excellence.

What type of project is suitable?

The IStructE Singapore Structural Awards welcome entries from any structural engineer who works in Singapore, and are open to projects large and small that are built in Singapore or overseas. Judging is based on merit, not scale. The project submitted must be completed with Temporary Occupation Permit (TOP) obtained between 1 January 2014 and 31 July 2016.

Award categories

Award for Structures - For achievement in structural design of commercial, retail, heritage building, education, healthcare, community, residential, entertainment and sports structures.

Award for Industrial or Process Structures - For achievement in the structural design of offshore facilities, chimneys, barrages, petrochemical works, wafer plants, water treatment plants and power stations.

Award for Infrastructure - For achievement in structural design of road, rail, canal and airport bridges, tunnels, underground structures, ports and antenna structures.

How to enter?

Entries should be in Microsoft Word format and submitted via email or on CD. All entries must include the following:

- Cover letter confirming approval from the project owner for the submission; and that, although the copyright remains with the authors, IStructE has the right to retain work for exhibition purposes and to reproduce it for publication, including digital and internet. (The author is deemed to have obtained permission of use of any image that belongs to another party. This must be clearly stated);
- The completed IStructE Structural Awards 2016 entry form (see below) with the descriptive text on the structural engineering design and processes involved in the project – maximum of 2,000 words;
- Photographs and drawings (maximum of 5). Please note that images embedded in the Microsoft Word file may be low-resolution. So, it is essential that all images be supplied separately in individual high-resolution jpeg, eps or tif files;
- Other supporting material (such as press cuttings, CAD designs, site layouts, etc) – maximum of three A4 pages.

The criteria

Submissions will be judged on the following attributes encompassed in the structural design of the project: Innovation, Buildability, Sustainability and Aesthetics. Judges are looking for clearly presented materials that concisely convey the engineering highlights of the project and the work of the structural engineer and why the entrant is worthy of an award.

The applicant firm shall be the one which performed the detail structural design and obtained the TOP.

The deadline

The deadline for submission of entry form is Monday, 5 September 2016. Entries on CD should be sent to: **Er. Jeslin QUEK, FYFE Asia Pte Ltd, 6 Clement Loop, #04-00, Singapore 129814**. Email entries should be sent to : jeslinquek@fyfeasia.com

More information

Winning and commended entries will be announced at the IStructE Singapore Structural Awards 2016 ceremony on 28 October 2016 at the banquet of the Members' Night held in the Marina Mandarin Hotel. For more information or for dinner reservations, please contact Ms. Angela Loke on 65165048 or email: esplmh@nus.edu.sg

Winners of each category will receive a trophy and a certificate.

2. PROJECT CREDITS

Client(s): _____

Architect(s): _____

M&E engineers: _____

Contractor(s): _____

Other consultants or sub-
contractors: _____

3. CONTACT DETAILS OF APPLICANT

Name: _____

Position: _____

Company: _____

Address: _____

Telephone: _____

Email: _____
