Engineering Practice Course

Tuesday 6 October - Tuesday 8 December

In response to requests from a number of members, The Yorkshire Region Committee have put together an 'Engineering Practice' Course which will cover a range of the Initial Professional Development (IPD) Core Objectives, as listed below.

Format	10 x 2 hour workshops starting at 6pm on Tuesday evenings from 6th October 2015 to 8th December 2015 inclusive.
Target Audience	<ol style="list-style-type: none"> 1. Engineers preparing for their PRI (Professional Review Interview) and Chartered Membership exams who require further guidance in areas outside analysis and design. The course is likely to be of interest to engineers working for smaller practices. 2. Chartered Engineers who need CPD / a refresher course. 3. Final year under-graduate and MSc students wishing to learn more about Engineering Practice prior to starting work.
Topics	<p>6/10/15: Introduction & Overview of IPD & PRI Institution & Communication (Core Objectives 1.1 & 1.2)</p> <p>13/10/15: Environment (Core Objective 2.4)</p> <p>20/10/15: Construction Techniques (Core Objective 2.5)</p> <p>27/10/15: Management Skills (Core Objective 3.1)</p> <p>03/11/15: Law (Core Objective 3.2)</p> <p>10/11/15: Health & Safety (Core Objective 3.3)</p> <p>17/11/15: Commercial Awareness (Core Objective 3.4)</p> <p>24/11/15: Contract Documentation (Core Objective 3.5)</p> <p>01/12/15: Quality Systems (Core Objective 3.6)</p> <p>08/12/15: Panel Discussion (on questions / topics submitted in advance by course attendees, potentially including ethics, the future of the industry and developing infrastructure to meet the demands of tomorrow)</p>
Speakers	A range of experts from both Industry and Academia, including IStructE Staff and Yorkshire Region Committee Members (further details to be provided when speakers have been confirmed).
Location	The Rose Bowl, Leeds Beckett University
Cost	£250 per delegate for all 10 sessions, or £30 for individual sessions. 50% discount for students.
