The electoral regions in the UK and the Republic of Ireland are based on Institution regional groups – a map of which can be accessed from the website at:

[www.istructe.org/near-you/europe/united-kingdom](http://www.istructe.org/near-you/europe/united-kingdom)

The regions are:

- 1 Lancashire and Cheshire
- 2 Scottish, Northern Ireland and Republic of Ireland

- 4 Bedfordshire and Adjoining Counties, East Anglia and East Midlands
- 5 Midland Counties and Wales
- 6 Devon and Cornwall, Western Counties and Southern
- 7 Thames Valley and Surrey
- 8 North Thames
- 9 South Eastern Counties
- 10 Rest of Europe, Middle East, Africa and the Americas

The minimum number of ordinary members (continuing in office in 2019 and to be elected) from any electoral region is one (apart from region 11, where because of the size of the electorate, it is two). To fulfil this requirement, at least one ordinary member of Council from each of Region 4 and Region 8 must be elected.

Chartered and Incorporated Structural Engineers and Technician Members (who have submitted a current Institution Continuing Professional Development return) are invited to consider standing for election as an ordinary member of the Council 2019-21. Fellows (who have previously served on Council and who have submitted a current Institution Continuing Professional Development Return) are invited to consider standing for election as a Vice-President 2019-20. Nomination papers (which must be completed by the candidate and ten other Voting Members) are obtainable from Dr S M Doran and must be submitted by Monday 12 February 2018. Candidates must also complete a candidate information form and supply a photograph. Completed nomination documents can be returned by e-mail to [sue.doran@istructe.org](mailto:sue.doran@istructe.org) or by post.

In due course, voting documents will be issued and you will be able to vote either electronically or by post. The results will subsequently be published in *The Structural Engineer*, in the e-newsletter and on the website.
