This form should be emailed to technical@istructe.org.

Reference (for office use only):

1. Supervisor details

Full name	Title
Position	
Postal address	
Telephone number	
Email	

2. Student details

Full name	Title
Postal address	
Telephone number	
Email	

3. Project details

Title of research			
Are you addressing one of our research themes? (details on website)			
If so which one	Construction materials	Loading on buildings	Solutions for developing countries
	Designing for resilience	Systems thinking	Digital engineering
Aims of research (100 words max)			

MSc Research Grant

Application form for 2019/2020

Description of methods (300 words max)

Benefits to structural engineering (100 words max)

Duration

Proposed start date

Proposed end date

Total grant sum requested
(max grant is £800)

Project costs to be covered by grant (please provide a breakdown of costs which can include: equipment, consumables and software licenses)

4. Declarations

In the event of being awarded a grant, I, the supervisor, agree to:

- details of the project appearing on the Institution's website with my contact details
- provide supervision for the aforementioned project
- select a student to work on the project and notify the Institution who will undertake the project and when
- ensure the student submits an A1 poster (highlighting the main features of the project) and an executive summary of 200 - 300 words (relating, where possible, the project's outputs to practice or further research required) within two months of completing the project
- the student's executive summary and poster appearing on the Institution's website with my contact details
- giving permission for the Institution to use the application and resulting research to publicise the grant in future

and I confirm that the university will make suitable resources available for the successful execution of the project.

By typing my name below, I agree to these conditions.
