

Professional Conduct Coordinator

CANDIDATE PACK

Full Time

35 hours per week

The Professional Conduct Team

Our Professional Conduct team are a team of 2 that report into the Head of Professional Conduct.

Do you enjoy coordinating multiple processes, supporting senior stakeholders, and upholding professional standards? Then this is the role for you!

As our Professional Conduct Coordinator, you will play a key role in supporting the Professional Conduct Department, managing enquiries, coordinating committee meetings, preparing case documentation, minute taking and helping to uphold the Institution's professional standards.

This is an excellent opportunity for a highly organised individual who thrives on accuracy, collaboration, and making a meaningful impact.

Why work for the Institution?

Working for the Institution of Structural Engineers is an opportunity to learn, develop and make a difference.

Join our team of approximately 80 employees and help support our vision to lead, support and nurture the development of structural engineering worldwide.

Our head office is only a short walk from Barbican, Old Street and Farringdon. It's bright, modern and open plan, supporting a collaborative environment.

We pride ourselves on the flexibility we can provide to our staff and offer a wide variety of benefits to enhance your work life balance and wellbeing as detailed later in this pack.

To thrive with us, bring:

- An open-minded and flexible approach. Enhance our diverse and inclusive team.
- A creative attitude to work. Help us strengthen and improve in a workplace where you are encouraged to innovate and share new ideas.
- Enthusiasm and commitment. Provide our members with the best service possible to maintain our worldwide respected status.
- A friendly and communicative approach. Fit into our organisation where staff know each other well and strive to work collaboratively.
- The ambition to take on new challenges. We always look to the future to embrace change, so we continue to evolve.

How to apply: the recruitment process

Please submit an up-to-date CV and cover letter demonstrating how you meet the knowledge, skills and experience required for the role as described in the job description. The cover letter should be no more than 500 words.

To apply please see our [website](#).

On receipt, your application will be sifted by the recruitment panel and assessed against the criteria for the role. All successfully shortlisted candidates will be contacted by telephone and invited for interview. We reserve the right to close or extend this position depending on application numbers. Therefore, we would urge candidates to apply as soon as possible.

If you have not heard from the Institution within two weeks of your application, it is with regret that you have been unsuccessful on this occasion. Due to the volume of applications we receive we cannot write to all applicants.

Applicants must possess a current right to work in the UK. Applicants who do not have the right to work in the UK and/or require visa sponsorship in order to continue working in the UK cannot be considered.

The selection process will consist of a job-related assessment followed by a virtual interview with the manager for this post Steven Williams – Professional Conduct Manager and Conor Boyle - HR Resourcing and Support Executive.

The interview will comprise of competency questions designed to test your skills and experience required for this role. It also gives you the opportunity to ask any questions you may have about the role, the team or the Institution.

The second stage of the selection process will be a face-to-face interview with Steven Williams – Professional Conduct Manager and Adam Williamson – Head of Professional Conduct.

We want to support you. If you require any reasonable adjustments during our recruitment process, this could be for the application, assessment and/ or interview, please let us know as soon as possible so that adequate provisions can be made for you.

The Institution of Structural Engineers

With over 30,000 members working in 105 countries, we are the world's largest membership organisation dedicated to the art and science of structural engineering.

The Institution is an internationally recognised source of expertise and information concerning all issues that involve structural engineering and public safety within the built environment.

The core work of the Institution is to support and protect the profession by upholding professional standards and acting as an international voice on behalf of structural engineers.

Governance

The Institution of Structural Engineers is governed under its Royal Charter, byelaws and the applicable regulations.

The Institution Council consists of the President, Vice-Presidents, past Presidents, representatives of regional groups and members who are elected for a period of three years. The Institution is supported by an executive of 80 staff. The Board is the governing body of the Institution. Its members are the Institution's Trustees.

Our values & Mission statement

We strive towards a structural engineering profession that is built on integrity, excellence, inclusivity and collaboration. Our aim is to secure a safe and sustainable world by advancing structural engineering, raising professional standards, and sharing knowledge.

- **Integrity** – We are committed to upholding the highest standards of ethical conduct in our practices and interactions.
- **Excellence** – We are focused on excellence in everything we do, setting high standards for ourselves and our members, valuing quality, innovation, and continuous improvement.
- **Inclusivity**- We are inclusive, we embrace diversity and value the contributions of individuals from all backgrounds, perspectives, and experiences, fostering a welcoming environment for all.
- **Collaboration** – We believe in the power of collaboration and cooperation, encouraging members to share knowledge, resources, and expertise for the collective advancement of structural engineering.

For more detailed information about the Institution please visit our [website](https://www.istructe.org).

Our Work

Climate Change

The climate emergency is the greatest threat to our planet. Structural engineers have a responsibility to help mitigate its effects by changing the way buildings and infrastructure are designed, commissioned and constructed. The Institution, our [Climate Emergency Task Group](#) and [Sustainability Panel](#), supports these vital efforts through its role as an international centre of knowledge, sharing information and opinion with its membership and beyond.

Resilience

The Institution support the efforts to build [resilient](#) communities. Members take measures to avoid, reduce, resist and aid recovery from extreme events including Tsunamis, flooding, explosions and seismic events. Our [Humanitarian and International Development Panel](#) as well as our [Seismic and Dynamic Events Panel](#) includes experts from regions around the world. They help structural engineers confront the challenges faced by the poorest and most vulnerable people and progress activities to support the development and understanding of seismic and resilient design.

Safer Structures

Structural engineers consider the safety of structures from design and construction through to operation and demolition, in accordance with local legislation. The [Institution of Structural Engineers](#) along with [CROSS](#) investigates failures and near misses (including [Grenfell](#)) in order to share knowledge and insight to Structural Engineers to avoid any potential or future disasters.

Young Members

The Institution is committed to ensuring the profession of Structural Engineering is accessible to everyone. We offer tailored visits, events and networking opportunities to our [young members](#) to help them get support at a crucial time in their career. Our values extend to our work in [education](#) that encourages young people from diverse backgrounds to choose and access structural engineering careers.

Mentoring Programme

We support professional and career growth through our [mentoring programmes](#). It offers mentees an effective way to progress their career to accessing knowledge and experience of expert and impartial mentors. For mentors it develops existing leadership skills by supporting mentees growth.

Support

Our [Benevolent Fund](#) offers support to current and former members and their dependants going through tough times who may need financial support. Partnered with Anxiety UK, our members will also be able to quickly access therapeutic support if needed and have access to a range of learning materials to support managers and their staff on mental health awareness.
