

INSTITUTION OF STRUCTURAL ENGINEERS

CHARTERED AND ASSOCIATE MEMBERSHIP IPD CORE OBJECTIVES

BACKGROUND READING LIST

This reading list has been prepared by the IStructE Library Manager and is intended to be helpful for candidates preparing for their IPD professional review. It is intended to provide suggestions for background reading for each of the core objectives and does not constitute recommended reading formally approved by IStructE. It is not a prescribed list and having read everything on the list in itself does not demonstrate an understanding of each of the objectives.

There may be parts of the list that are aimed primarily at engineers in the UK. The Library Manager welcomes suggestions for variations to the list to suit members based in other countries.

Key: L = Loan copy available in IStructE Library. R = Reference copy available in Library. E = E-book available in E-Library.

Visit the Library web page for service information, online catalogue & E-Library access <https://www.istructe.org/resources-centre/library>
