Photo by Jorge Moran Urdia and INBAR – Prototype low-cost bamboo house, Ecuador

Sebastian Kaminski

Presenting '*Engineered bamboo houses for low-income communities in Latin America*'

Date | **Wednesday 10 October**
Time | **17:30 Refreshments 18:00 Meeting**
Venue | **International HQ**

Booking information

The evening lecture is free to attend. Registration is required – to book your place please contact the events team: events@istructe.org

The meeting provides a good opportunity to meet clients, construction industry colleagues and people in government, as well as the authors of the paper being presented.

Latecomers will only be admitted to the overflow facility, not the main lecture theatre.
