

Most events run by IStructE HQ are being delivered online. For in-person events, a location will be given.

History Study Group meetings start at 18:00 and are free of charge to attend. Registration is not typically required. Meetings may be online or in person.

For Regional Group events, check the website for the latest information.

Kenneth Severn Award 2022

The Institution of
StructuralEngineers

If you are aged 28 years or younger, you may enter the Kenneth Severn Award.

The question below has been set by incoming 2023 Institution President Matthew Byatt:

Question: As the processing capability of accessible structural analysis tools increases, allowing for more complex solutions and structural forms, how should structural engineers ensure that their designs remain safely and economically constructable?

Answers should be in the form of a written paper (max. 1500 words) and may include relevant imagery that supplements the text.

The judges will be looking for originality, value to the structural engineering profession and clarity of presentation.

Entrants must be 28 years of age or under on 1 January 2023. Engineers who are not members of the Institution are also welcome to enter.

For full details and to submit your entry, visit:
www.istructe.org/kenneth-severn-award

The closing date for entries is 31 January 2023

The winner will receive:

- The prestigious Kenneth Severn Award Diploma
- A cash prize of £500

The winning paper will also be considered for publication in *The Structural Engineer*.
